

18. References cited in the text must be in the Literature Cited section and vice versa. Follow a recent issue of MALACOLOGIA for bibliographic style, noting especially that serials are cited unabbreviated. Supply pagination for books. Supply information on plates, etc., only if they are not included in the pagination.

19. In systematic papers, synonymies should not give complete citations but should relate by author, date and page to the Literature Cited section.

20. For systematic papers, all new type-specimens must be deposited in museums where they may be studied by other scientists. Likewise MALACOLOGIA requires that voucher specimens upon which a paper is based be deposited in a museum where they may eventually be reidentified.

21. Submit each manuscript in triplicate. The second and third copies can be reproductions. Also submit with the paper copies, a computer disk in Microsoft Word (PC version) containing the manuscript including all tables and illustrations. A manuscript that has been revised must be re-submitted on computer disk in Microsoft Word (PC version).

22. Authors who want illustrations returned should request this at the time of ordering reprints. Otherwise, illustrations will be maintained for six months only after publication.

23. An author's address should include an e-mail address.
